CONTACT		

Visits from family/carers, friends and other significant people should be made when school has finished or at weekends. However, on “special occasions” these will be facilitated.

Visits should only be for two hours, because we have 5 young people we have to plan for. However, arrangements can be made for a visit to last longer if needed, especially when people are travelling a long distance. Generally, all visits should end at 9pm, because we have to help you and all the young people to settle and prepare for bedtime.
